Okay. Is there a chance that you can email the WORD version of Chapter 5? It should be small enough for email (around 1 or mB). This chapter has nearly all the comments and would allow us to get started.

Thanks.

Hi Jeannie,

below are some comments and questions:

Chapter 3: Thanks for your comments. They make sense; I have no further questions and will submit the Draft Chapter this week.

Chapters 4 and 5: We went through the comments. They are all good comments – thanks. We have a number of questions on several of the comments that we need to discuss for clarification. We would like to get started on editing the chapters today but need your guidance on protocol for editing:

- Could you please upload the WORD versions of the edited chapters onto the Sharepoint Site, preferably this morning if you have a moment:

- o <ftp://ftp.louisberger.com/>

- o USER: SEIS

- o Password: Team

- Can we add our Response to the comment bubbles in the chapters, or do you require a separate document, or both?

- Can we accept simple edits that we agree with (to keep things manageable) and use Track-Changes for any new or revised edits?

- There are two sections that are still being reviewed by EPA:

- o Air quality and Noise sections

- o Section 5.8

Also Comment 103 in Chapter 5 calls for input from Phil.

When would those sections are ready for us to address?

Thanks,

Bernward
